V3250C-U2
32" Touch Display

TouchSystems

Retail | Hospitality | Medical | Corporate

At a Glance

- Commercial Grade Design
- High Brightness and Contrast Ratios
- Landscape and Portrait Orientation

The V 32" Touch Display is one of TouchSystems' more budget-conscious displays, but the price tag is perfect for the person entering the touch technology arena. The display itself is LCD, ensuring crisp images and brilliant colors. It also can be mounted vertically or horizontally, which allows it to be featured in a variety of environments and venues.

Retail
The V 32" Touch Display provides a selection of inputs, allowing for better management of one's digital signage.

Hospitality
The display's high brightness and contrast ratios will present images in their full, brilliant glory.

Medical
The V 32" is built to last. Its commercial-grade design is meant to account for high-touch activity.

Corporate
The display can be incorporated into a tile matrix, an option that is sure to impress employees and clients.
